## **Confession to My Lover**

I'm in love with your mind  
Each fragment of romantic concentration  
That you expel upon my spirit  
Makes my passion unconfined  
In every tender word you whisper expectation  
Builds within my desire to submit  
To the act of our bodies entwined  
In your soft bed of wild inspiration  
I will this moment admit!  
I'm in love with your mind

## **My Hunger for You**

Feeling the ache...the hunger for you

Across the span of a million miles

Across the vibration of solitary thought

I feel you...

Yet

You're so far away

I can't touch your image

It's distant

Like a future event...destined

Though not yet found

I will reach for you

That you can depend

But still...

I ache for you

I remember our stir

I remember your touch

So skilled...so intense

Oh, how you thrill me!

I will be here

Waiting

For all eternity

If that's what it takes to feel you again

To hear your lapping murmur of desire

Submerging deep into my core

Oh, Lover...

I'm starved for you!

## **Mightier than the Sword**

You wrote of your lips upon my breast

In morning light's arise from rest

And stirred a hunger deep within

My moist refreshment's tender skin

I cannot wait to feel your touch

Within your arms...within your clutch

Encased within your incessant need

To taste my nectar and proceed

To chamber warmth and velvet thrust

In me your poetry does combust!
